

Repeat “Examination” Registration in LMS

Repeat Examination registration is available for students with the following academic status:

- Previous grade is C-, D, or I for a module requiring sitting for a final written examination (not 100% CA modules). That is an upgrade to a previous grade of a module.
- Received academic concession for the final written exam (grade is N).

Note: Refer the list of modules with 100% CA (i.e. no final written exam) that are required to be registered at the beginning of the semester even though the grade is a C-, D or I.

Steps:

1. Enter username and password and login to LMS (<https://lms.mrt.ac.lk/>).
2. Click Student Repeat Registration (In left panel, as shown in Figure 1)
→ Repeat Registration

The screenshot shows the LMS interface. On the left is a navigation menu with categories: 'Welcome to LearnOrg', 'My LearnOrg', 'Student Area', 'Complaining & Reporting', 'Hostel Management', 'Student Repeat Registration', and 'Students Details'. Under 'Student Repeat Registration', 'Repeat Registration' is highlighted. The main content area is titled 'Add repeat student's Enrollments' and features a search bar with 'BSc (IT&M) Hons' selected and a 'Go' button. Below the search bar are five red labels: 'Course', 'Department', 'Academic Year', 'Repeat Level', and 'Repeat Semester'.
