Publication Share by Subject Area

Publication share by Subject Area

Entity: Publications at the University of Moratuwa | 2017 to 2021 · Year range: 2017 to 2021 · Data source: Scopus, up to 02 Nov 2022

This gives an overview of the Subject Areas in which the articles from the Publication Set are published and is based upon the high level All Science Journal Classification (ASJC). These Subject Areas are assigned to all articles via the journals in which they are published. Please note, that an article can belong to more than one ASJC.

Scholarly Output

Scholarly Output

Entity: Publications at the University of Moratuwa | 2017 to 2021 · Year range: 2017 to 2021 · Data source: Scopus, up to 02 Nov 2022

2,568

number of publications by authors in Publications at the University of Moratuwa | 2017 to 2021

Scholarly Output indicates the prolificacy of the Publication Set: how many publications does the Publication Set have indexed in Scopus during the time period?

Note: some subject areas produce more scholarly output than others.

Citation Count

Citation Count

Entity: Publications at the University of Moratuwa | 2017 to 2021 · Year range: 2017 to 2021 · Data source: Scopus, up to 02 Nov 2022

12,030

number of citations received by publications in Publications at the University of Moratuwa | 2017 to 2021

Citation count indicates the total citation impact of the Publication Set: how many citations have these publications received? The years are always the years in which items were published, and do not refer to the years in which citations were received.

Note: some subject areas cite publications more often than others.

Top Field - Weighted Citation Percentiles

Outputs in Top 10% Citation Percentiles (field-weighted)

Entity: Publications at the University of Moratuwa | 2017 to 2021 · Year range: 2017 to 2021 · Data source: Scopus, up to 02 Nov 2022

Share of publications in Publications at the University of Moratuwa | 2017 to 2021 that are among the most cited publications worldwide
field-weighted

263 (10.2%)

number of publications in the top 10% most cited publications worldwide

- % publications in top 10% most cited
- % publications in top 1% most cited

Outputs in Top Citation Percentiles indicates the extent to which the publications are present in the top 10% most-cited percentiles within Scopus. This number is then field-weighted to normalize for differences in subject area citation patterns.

Field - Weighted Citation Impact

Field-Weighted Citation Impact

Entity: Publications at the University of Moratuwa | 2017 to 2021 · Year range: 2017 to 2021 · Data source: Scopus, up to 02 Nov 2022

0.93

Field-Weighted Citation Impact of Publications at the University of Moratuwa | 2017 to 2021

Field-Weighted Citation Impact (FWCI) indicates how the number of citations received by the Publication Set's publications compares with the average number of citations received by all other similar publications in Scopus. A FWCI of 1.00 indicates that the Publication Set's publications have been cited exactly as would be expected based on the global average for similar publications. A FWCI of more than 1.00 above average citations; for example, 2.11 means 111% more than the world average. Note: for Publication Sets with a scholarly output less than 1,000, please beware of highly cited publications which may skew the FWCI.
